

ELECTRONIC NOTICE

Debtors

Attorneys for debtors are encouraged to have their clients register to receive electronic notice of all documents filed in their clients' cases. If a debtor wishes to receive electronic notice, the attorney for the debtor must complete a [Request for Notice \(Debtor\)](#), the debtor must sign it, and the attorney must file it electronically.

Individuals

An individual who is not the debtor can also register to receive electronic notice of all documents filed in a case. A [Request for Notice \(Non-Debtor\)](#) must be completed and signed. The original completed and signed registration form must be mailed or delivered to:
