South Dakota Filings Increased in November

Twenty-six percent more bankruptcy cases were filed last month in South Dakota than in November of 2021. Total South Dakota bankruptcy filings through the first 11 months of this year are down nine percent compared to the number of cases filed in the first 11 months of 2021.

Maintaining Your ECF Account

Each electronic filer is responsible for timely updating his or her ECF contact information, including mailing address, telephone number, fax number, primary email address, and any secondary email addresses. Please review the [Maintain Your ECF Account](#) information sheet in the [Electronic Filing Guide](#) found under the "CM/ECF & PACER" tab on our website (www.sdb.uscourts.gov). Attorneys for debtors should be particularly mindful of this requirement to ensure the initial notice of each bankruptcy case contains their current contact information.
